

This update provides the West Village community with information about construction works in the West Village precinct. Construction permits allow for hours of work from 6.30am to 6.30pm from Monday to Saturday. Occasional out-of-hours works occur with permission from authorities.

Allere: Uno & Duo

Construction has advanced well onsite for the Allere Collection. On Allere Uno, Hutchinson Builders have completed the slab pour and placement of pre-cast panels on Level 8 and have begun preparation for the Level 9 pours. Installation of balustrades and glazing frames has also commenced on the lower levels. On Allere Duo, the Level 5 slab is complete with preparations commencing for the next slab.

Kauri Lane:

Following the completion of Altura, Kauri Lane is now open. The new addition features 14-metre-high mature trees surrounded by lush greenery and calming water features. The lane will extend to adjoin the Allere Collection residences and will be a main thoroughfare for residents in the future.

Altura:

Title Registration was completed on November 9, with settlements called for November 10. Residents are expected to start moving in later this month.

Green Lane:

Access via Green Lane from West Village to Little Jane Street is now open following the completion of Altura.

The Common:

Rejuvenation works on the grass for the Common and in front of Picnic Café began early November with an expected completion timeframe of Mid-December.

The Garden Pavilion:

The ground floor tenancy has been leased with the opening of Rich & Rare late September 2023. This will be the last update on the Garden Pavilion as the building is completed.
